DESCRIPTION

Inspired by the design movement of the 1970s a period marked by the pursuit of comfort and mental well-being the Banda Sofa revives the warm aesthetic of the era, when soft upholstery and earthy tones offered a welcoming embrace, inviting the body to sink into their plushness. Composed of modular sections, in mohair velvet, Banda sofa design blends retro elegance with a contemporary touch, highlighted by a distinctive band that wraps around the upholstery, adding character and sophistication. Banda sofa design embodies an aesthetic which is the result of many meticulously crafted details, each one thoughtfully conceived and executed with artisanal precision.
